Dear Class of 2010,

Just the first of many milestones which I am confident you will obtain, it is with great pride that I stand before you in testament to your accomplishments while at East Stroudsburg High School – North. As you look around, be sure to offer a special thanks to those who have had a hand in your successes as they too rejoice in your moment of triumph.

On a personal note, I have been afforded the opportunity to work with many of you over the past 7 years and have shared first hand in your accomplishments, challenges, and the obstacles you have overcome. I am grateful for the individuality, dignity, and resourcefulness you brought to our school and am excited about what contributions you will make in the future.

To the Class of 2010; on behalf of the entire school community, we wish you success in your future endeavors and we are confident that you will continue to reflect the values, ethics, and academics you have obtained from our school, your family, and your community. Congratulations and best wishes to you, the Class of 2010.

Thoughts and prayers,

Stephen C. Zall
Principal
